

EGATEC A/S søger styringsmedarbejder til vores Engineering afdeling.

Din baggrund kan være automationsteknolog, robot- eller automationsingeniør, programmør, maskinmester.

- Gerne med kendskab til f.eks. B&R, Beckhoff eller Siemens. PLC, Servo, HMI & Vision.

- Nyuddannet eller med flere års erfaring, behersker du et eller flere fremmedsprog er det klart en fordel, da vi har kunder forhandlere og leverandører i hele verden.

EGATEC A/S er en virksomhed som siden 2003 med succes, har leveret mere end 400 løsninger og projekter i ind & udland. – projekter der typisk integrere maskiner, robotter, automation & vision.

Med et øget fokus på internationale projekter oplever vi stor vækst på vores markeder indenfor pakkemaskiner & end – of – line løsninger. Enten som enkeltmaskiner eller som hele Turn – Key anlæg indenfor flere spændende brancher i hele verden.

Der kan være flere indgangsvinkler og flere karriere veje ind hos EGATEC A/S. For den rutinerede ansøger vil man få mulighed for at arbejde med udfordrende programmeringsopgaver af større projekter i ind- & udland. For den nyuddannede ansøger vil vi sørge for et solidt introforløb, bl.a. har vi mulighed for at sammensætte "trainee - forløb" i virksomheden – så man kommer rundt om robot, udviklings-, programmerings-, test-, opgaver.

Dine arbejdsopgaver kan blandt andet blive:

- Programmering af PLC, HMI og servosystemer, primært i B&R, Beckhoff og Siemens
- Håndtering og programmering samt simulering af robotter f.eks. COMAU og Kassow robotter.
- Indkøring, test og aflevering af anlæg samt efterflg. support ved vores kunder
- Håndtering af produktionsgrundlag og kvalitetskontrol på tavler, montage, komponenter
- Programmering, integration af løsninger for overordnet dataudveksling
- Udarbejdelse af dokumentation, beskrivelser og manualer

Vi tilbyder dig et spændende og udfordrende job, hvor hverdagen handler om udvikling af software, teknik, løsninger og muligheder. Vi tilbyder og forventer en åben & uformel stemning, et godt arbejdsklima, fleksible arbejdsforhold – som vi sammen er ansvarlige for. – Til dette ønsker vi, at DU kommer med godt humør og en god indstilling til at gøre en forskel for dine kollegaer & EGATEC's kunder. - Godt kendskab til relevante IT-værktøjer samt Office-pakken forventes.

Vi opfordrer derfor dig til at søge job hos os, hvis du syntes ovenstående lyder spændende. Uanset om du ingeniør, programmør, eller plcudvikler, vægter vi din indsats i de daglige løsninger af opgaverne og din indstilling til dine kollegaer højest.

Send din ansøgning & CV på [kontakt@egatec.dk](mailto:kontakt@egatec.dk) allerede i dag - Samtaler afholdes løbende.

Ønsker du yderligere oplysninger, er du velkommen til at ringe til CTO, Tommy Tjørnelund Pedersen (+45 6161 1068) eller CEO, René Kemp Møller (+45 2635 1752)

EGATEC A/S is looking for automation employees for our Engineering department.

Your background can be automation technologist, robot or automation-engineer, plc-developer, programmer, machinist. – preferred knowledge of B&R, Beckhoff or Siemens (PLC, Servo, HMI & Vision)

Newly graduated or with several years of experience, if you master one or more foreign languages, it is clearly an advantage, as we have customers, dealers and suppliers all over the world.

EGATEC A / S is a company which since 2003 has successfully delivered more than 400 solutions and projects at home and abroad. - projects that typically integrate machines, robots, automation & vision. With an increased focus on international projects, we are experiencing great growth in our markets within packaging machines & end-of-line solutions. Either as single machines or as the entire Turn - Key system within several exciting industries around the world.

There may be several approaches and more career paths at EGATEC A / S. For the experienced applicant, you will have the opportunity to work with challenging programming tasks of major projects at home & abroad. For the newly graduated applicant, we will ensure a solid introductory course, i.a. we have the opportunity to put together a "trainee - course" in the company - so you get around robot, development, programming, testing, tasks :

- Programming of PLC, HMI and servo systems, primarily in B&R, Beckhoff and Siemens
- Handling and programming as well as simulation of robots e.g. COMAU and Kassow robots.
- Run-in, test and delivery of systems and follow-up. support by our customers
- Handling of production basis and quality control on boards, assembly, components
- Programming, integration of solutions for overall data exchange
- Preparation of documentation, descriptions and manuals

We offer you an exciting and challenging job, where everyday life is about developing software, technology, solutions and opportunities. The Job will be exciting and challenging. We offer and expect an open & informal atmosphere, a good working climate, flexible working conditions - for which we are jointly responsible. - For this, we want YOU to come in a good mood and a good attitude to make a difference for your colleagues & EGATEC's customers. - Good knowledge of relevant IT tools as well as the Office package is expected.

We therefore encourage you to apply for a job with us if you thought the above sounds exciting. Whether you are an engineer, programmer, or plc developer, we value your efforts in the daily solutions of the tasks and your attitude to your colleagues the most.

Send your application & CV to [kontakt@egatec.dk](mailto:kontakt@egatec.dk) today - Interviews are held on an ongoing basis.

If you want further information, you are welcome to call : CTO, Tommy Tjørnelund Pedersen (+45 6161 1068) or CEO, René Kemp Møller (+45 2635 1752)
