

EGATEC A/S søger medarbejdere til vores Engineering afdeling, med mekanisk indgangsvinkel.

Vi søger nu: konstruktører og projektledere.

EGATEC A/S er en virksomhed som siden 2003 med succes, har leveret mere end 400 løsninger og projekter i ind & udland. – projekter der typisk integrere maskiner, robotter, automation & vision.

Med et øget fokus på internationale projekter oplever vi stor vækst på vores eksportmarkeder indenfor pakkemaskiner & end-of-line løsninger. Enten som enkeltmaskiner eller som hele Turn-Key anlæg indenfor flere spændende brancher.

Din baggrund kan være maskiningeniør, produktions teknolog, maskinmester eller lignende. Nyuddannet eller med flere års erfaring.

Vigtigt for os er, at du trives med afvekslende tværfaglige opgaver, du kan se dig arbejde med udvikling og konstruktion af maskiner og automationsanlæg, samt projektledelse. Du skal kunne arbejde både selvstændigt og i teams med vores nuværende medarbejdere i vores Engineering afdeling.

Der kan være flere indgangsvinkler og flere karriere veje ind hos EGATEC A/S. For den rutinerede ansøger vil man få mulighed for at arbejde med udfordrende konstruktionsopgaver, og/eller projektledelse af større projekter i ind- & udland. For den nyuddannede ansøger vil vi sørge for et solidt introforløb, bl.a. har vi mulighed for at sammensætte "trainee - forløb" i virksomheden – så man kommer rundt om udviklings-, konstruktions-, test-, projektledelses- og salgsopgaver.

- Godt kendskab til relevante IT-værktøjer forventes, vi benytter Solid Works, og Inventor som CAD-software (3D) samt Office – pakken.

- Vi tilbyder spændende og afvekslende opgaver, samtidig vil du få branchens bedste og mest engagerede kolleger, i en virksomhed med internationale vækstambitioner. – Kan du et eller flere fremmedsprog er det klart en fordel. Da vi har kunder og leverandører i hele verden.

- Vi tilbyder og forventer en åben & uformel stemning, et godt arbejdsklima, fleksible arbejdsforhold – som vi sammen er ansvarlige for. – Til dette ønsker vi, at DU kommer med godt humør og en god indstilling til, at gøre en forskel for dine kollegaer samt EGATEC's kunder.

- Vi opfordrer derfor dig til at søge job hos os, hvis du syntes ovenstående lyder spændende. Uanset om du er ingeniør, tekniker, eller maskinmester, vægter vi din indsats & indstilling i de daglige løsninger af opgaverne, til dine kollegaer samt EGATEC's samarbejdspartnere højest.

Send din ansøgning & CV på kontakt@egatec.dk allerede i dag - Samtaler afholdes løbende.

Ønsker du yderligere oplysninger, er du velkommen til at ringe til CTO, Tommy Tjørnelund Pedersen (+45 6161 1068) eller CEO, René Kemp Møller (+45 2635 1752)

EGATEC A / S is looking for employees for our Engineering department in Odense, with a mechanical approach.

Open vacancies now : mechanical designers and project managers.

EGATEC A / S is a company which since 2003 has successfully delivered more than 400 solutions and projects at home and abroad. - projects that typically integrate machines, robots, automation & vision.

With an increased focus on international projects, we are experiencing great growth in our export markets within packaging machines & end-of-line solutions. Either as single machines or as entire Turn - Key systems within several exciting industries.

Your background can be a mechanical engineer, production technologist, machinist or similar. Newly graduated or with several years of experience.

It is important to us that you thrive on varied interdisciplinary tasks, you can see yourself working with the development and construction of machines and automation systems, as well as project management. You must be able to work both independently and in teams with our current employees in our Engineering department.

There may be several approaches and more career paths at EGATEC A / S. For the experienced applicant, you will have the opportunity to work with challenging construction tasks, and / or project management of major projects at home & abroad. For the newly graduated applicant, we will ensure a solid introductory course, i.a. we have the opportunity to put together a "trainee - course" in the company - so you get around development, construction, test, project management and sales tasks.

- Good knowledge of relevant IT tools is expected, we use Solid Works and Inventor as CAD software (3D) as well as the MS Office package.

- We offer exciting and varied assignments, at the same time you will have the industry's best and most committed colleagues, in a company with international growth ambitions. If you know one or more foreign languages, it is clearly an advantage. As we have customers and suppliers all over the world.

- We offer and expect an open & informal atmosphere, a good working climate, flexible working conditions - for which we are jointly responsible. - For this, we want YOU to come in a good mood and a good attitude to make a difference for your colleagues and EGATEC's customers.

- We therefore encourage you to apply for a job with us if you thought the above sounds exciting. Whether you are an engineer, technician, or machinist, we place the highest emphasis on your efforts & attitude in the daily solutions of the tasks, to your colleagues and EGATEC's partners.

Send your application & CV to kontakt@egatec.dk today - Interviews are held on an ongoing basis.

If you want further information, you are welcome to call CTO, Tommy Tjørnelund Pedersen (+45 6161 1068) or CEO, René Kemp Møller (+45 2635 1752)
