

EGATEC A/S søger medarbejdere til vores Engineering afdeling i Odense

Brænder du for maskinkonstruktion og projektledelse/ projektafvikling så er det dig vi søger. Din baggrund kan være maskiningeniør, produktionsteknolog, maskinmester eller lignende.

Nyuddannet – gerne med relevant erfaring, eller en profil med flere års erfaring

EGATEC A/S er specialister i end-of-line løsninger, samt håndterings og pakkøløsninger, der integrerer maskiner, robotter, automation og vision. EGATEC A/S er en virksomhed som siden 2003 med succes, har leveret mere end 400 løsninger og projekter i ind & udland. Med et øget fokus på internationale projekter oplever vi stor vækst på vores eksportmarkeder indenfor pakkemaskiner & end-of-line løsninger.

.Vigtigt for os er; at du trives med afvekslende tværfaglige opgaver, og du kan se dig arbejde med nyudvikling og konstruktion af maskiner og automationsanlæg, videreudvikling af eksisterende standart maskiner, samt projektledelse Du skal kunne arbejde både selvstændigt og i teams.

Der kan være flere indgangsvinkler og flere karriere veje ind hos EGATEC A/S For den rutinerede profil vil man få mulighed for at arbejde med udfordrende konstruktionsopgaver, og /eller projektledelse af større projekter i ind- & udland. For den nyuddannede profil vil vi sørge for et solidt introforløb, bl.a. har vi mulighed for at sammensætte trainee – forløb” i virksomheden – så man kommer rundt om udviklings-, konstruktions-, test-, projektledelses- og salgsopgaver.

Vi forventer et godt kendskab til relevante IT-værktøjer, -vi benytter Solid Works, og Inventor som CAD-software (3D) samt Office – pakken.

Vi tilbyder spændende og afvekslende opgaver, samtidig vil du få branchens bedste og mest engagerede kolleger, i en virksomhed med internationale vækstambitioner. – Kan du et eller flere fremmedsprog er det klart en fordel, da vi har kunder og leverandører i hele verden. Vi tilbyder og forventer en åben og uformel stemning, et godt arbejdsklima, fleksible arbejdsforhold – som vi sammen er ansvarlige for. – Til dette ønsker vi, at DU kommer med godt humør og en god indstilling til, at gøre en forskel for dine kollegaer samt EGATEC’s kunder.

Vi opfordrer derfor dig til at søge job hos os, hvis du syntes ovenstående lyder spændende. Uanset om du er ingeniør, tekniker, eller maskinmester, vægter vi din indsats & indstilling i de daglige løsninger af opgaverne, til dine kollegaer samt EGATEC’s samarbejdspartnere højest.

Send din ansøgning & CV på kontakt@egatec.dk allerede i dag!
- Samtaler afholdes løbende. Ønsker du yderligere oplysninger, er du velkommen til at ringe til Head of Mechanical Engineering:
Jacob Stevnhoved (+45) 6161 1065

EGATEC A/S is looking for employees for our Engineering department in Odense.

If you are passionate about machine design and project management/execution, you're the one we seek. Your background could be in mechanical engineering, production technology, machine mastering, or similar fields. Recent graduates are welcome – preferably with relevant experience or a profile with several years of experience.

EGATEC A/S are specialists in end-of-line solutions and handling and packaging solutions that integrate machines, robots, automation and vision. Either as individual machines or as entire Turn-Key systems within several exciting industries. EGATEC A/S has since 2003 successfully delivered more than 400 solutions and projects at home and abroad. With an increased focus on international projects, we are experiencing significant growth in our export markets within packaging machines and end-of-line solutions.

It is essential for us that you thrive with varied interdisciplinary tasks; you can see yourself working with new development and construction of machines and automation systems, further development of existing standard devices, as well as project management. You must be able to work independently and in teams with our current employees in our Engineering department.

There may be several approaches and more career paths at EGATEC A/S.

For the experienced profile, you will have the opportunity to work with challenging construction tasks or project management of major projects at home & abroad.

For the newly graduated profile, we will ensure a solid introductory course, i.a., we have the opportunity to put together a “trainee - course” in the company - you get around development, construction, testing, project management, and sales tasks.

We expect a good knowledge of relevant IT tools; we use Solid Works and Inventor as CAD software (3D) and MS Office. We offer exciting and varied assignments; simultaneously, you will have the industry's best and most committed colleagues in a company with international growth ambitions. If you know one more foreign language, it is an advantage as we have customers and suppliers all over the world.

We offer and expect an open and informal atmosphere, a good working climate, and flexible working conditions - for which we are jointly responsible. - We encourage YOU to arrive with a positive mood and attitude, ready to make a meaningful impact on your colleagues and EGATEC's customers.

We encourage you to apply for a job with us if you think the above sounds exciting. Whether you are an engineer, technician, or machinist, we place the highest emphasis on your efforts & attitude in the daily solutions of the tasks to your colleagues and EGATEC's partners.

You can send your application & CV to kontakt@egatec.dk today!
- Interviews are held ongoing.
